

DI-701 firmware v 4.06 screenshots

The screenshot shows a 'Configure' window for the DI-701 firmware v 4.06. The window has a blue title bar with the text 'Configure' and a close button. Below the title bar is a tabbed interface with the following tabs: 'Management', 'Local Port', 'Global Port', 'Virtual Server', 'Packet Filter', and 'Advance'. The 'Management' tab is currently selected. The main content area is light beige and contains the following elements:

- Firmware Version 4.06
- ☐ Allow Management From Internet
- ☐ Change Administrator's Password
- A sub-panel containing two text input fields:
 - New Password
 - Confirm New Password

At the bottom of the window are two buttons: 'Save' and 'Cancel'.
