

## DKVM-2

### 2 Port KVM Keyboard Video Mouse Switch

- Hotkey
  - Autoscan
  - Audible Feedback

The D-Link DKVM-2 is a 2 Port Keyboard, Video, and Mouse switch. It enables a user to control 2 different PC's using one keyboard, monitor, and mouse. It provides many easy to use features. The DKVM-2 is targeted at home and small businesses.

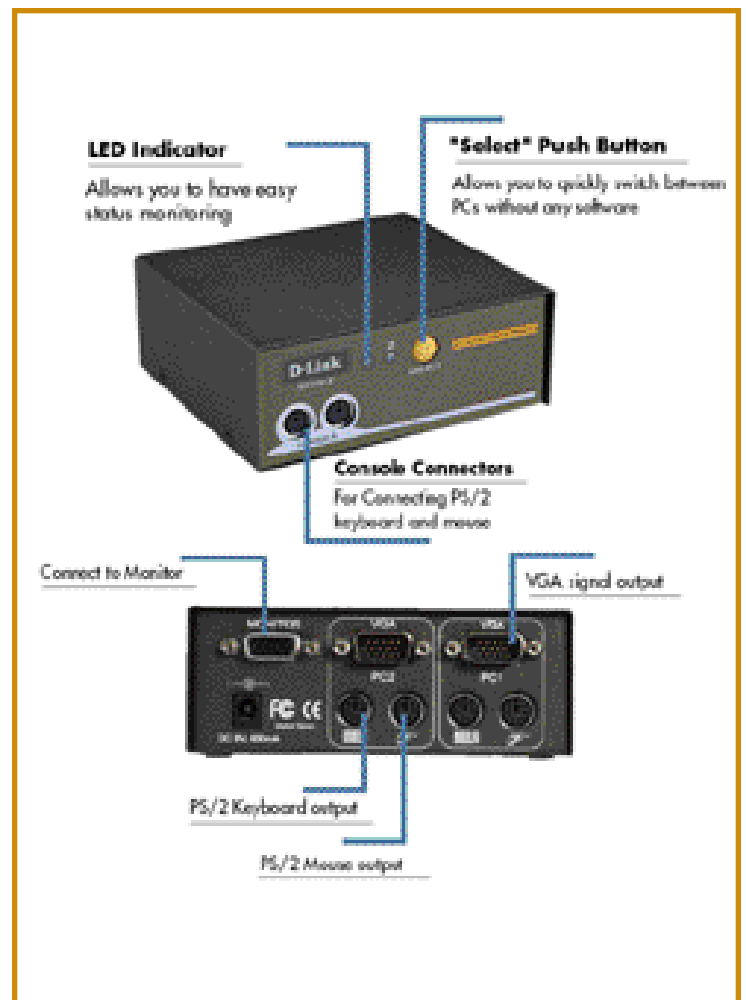

The DKVM-2 utilizes advanced microprocessor emulation to intelligently manage each KVM port. This allows simultaneous boot-up of all the attached PC's.

Autoscan, audible feedback, and keyboard "Hot Key's" make the DKVM-2 simple to use and manage. There is also a control button located on the front panel that allows the user to switch between each PC.

The DKVM-2's intelligent microprocessors save CAPSLOCK, NUM LOCK, and SCROLL LOCK status for each PC. It supports VGA, SVGA, and MultiSync monitors at up to 1600 x 1200 resolution. Support for AT type PC's with serial mouse ports are included using mouse conversion technology. It supports PS/2 keyboards and AT keyboards using an AT to PS/2 adapter. Support for Microsoft IntelliMouse is also provided.

*The D-Link DKVM-2 is a 2 Port Keyboard, Video, and Mouse switch. It enables a user to control 2 different PC's using one keyboard, monitor, and mouse.*
