D-Link®

DKVM-4

4 Port KVM Keyboard Video Mouse Switch

- **Hotkey**
  - **Autoscan**
   - **Audible Feedback**

The D-Link DKVM-4 is a 4 Port Keyboard, Video, and Mouse switch. It enables a user to control 4 different PC's using one keyboard, monitor, and mouse. The DKVM-4 is targeted at home and small businesses.

The DKVM-4 utilizes advanced microprocessor emulation to intelligently manage each KVM port. This allows simultaneous boot-up of all the attached PC's. Autoscan, audible feedback, and keyboard "Hot Key's" make the DKVM-4 simple to use and manage. There is also a control button located on the front panel that allows the user to switch between each PC.

The DKVM-4's intelligent microprocessors save CAPSLOCK, NUM LOCK, and SCROLL LOCK status for each PC. It supports VGA, SVGA, and MultiSync monitors at up to 1600 x 1200 resolution. Support for AT type PC's with serial
mouse ports are included using mouse conversion technology. It supports PS/2 keyboards and AT keyboards using an AT to PS/2 adapter. Support for Microsoft IntelliMouse is also provided.

The D-Link DKVM-4 is a 4 Port Keyboard, Video, and Mouse switch. It enables a user to control 4 different PC's using one keyboard, monitor, and mouse. It provides many easy to use features.monitor, and mouse.
