## Step 8 of 11

Now that the SecureSpot hardware is installed, the security services subscription must be activated. From any PC on the network, attempt to browse the Internet. The browser should be redirected to the registration page. Be sure to disable or uninstall any Internet Security or Personal Firewall Software to prevent registration/client installation problems.

## Step 9 of 11

Complete the account creation form to register the SecureSpot DSD-150. City, State and zip code are required, street address is not.

The screenshot shows the 'WELCOME TO THE DEVICE REGISTRATION PAGE' on the D-Link SecureSpot website. It contains a form for user registration with fields for Username, Password, and Confirm Password. Below this is a section for 'Contact Information' with fields for First Name, Last Name, Address, City, State, Zip, and Country. There is also a checkbox for 'I agree to the D-Link SecureSpot Terms of Service'. At the bottom, there is a 'Create Account' button.

The screenshot shows the 'Activating secureSpot™' page. It includes a heading 'Please wait for registering your secureSpot™ Internal Security Device' and a sub-heading 'Please wait for the device to activate your internal security device'. There is a 'Activate Your Device' button and a copyright notice at the bottom: 'Copyright © 2008 D-Link Systems, Inc. (Powered by SecureSpot Technologies)'.

## Step 10 of 11

Next download and install the SecureSpot thin client to complete the SecureSpot installation and enable full PC protection. To complete the client install, the PC will need to be restarted (close all running applications prior to install).

The screenshot shows the 'Downloading secureSpot™' window of the installation wizard. It lists five steps: 1. Turn off all browsers, 2. Click the Download button to begin installation, 3. The file will be downloaded to your PC, 4. Complete the installation, and 5. Restart your PC. The third step is currently active, showing a progress bar and a 'Download' button. The window also includes a 'Close' button and a 'Help' link.
