NOTE: The default username is admin and the password is admin.

3. Click on MAINTENANCE > Firmware Upgrade > Browse button as per below:

4. Select the firmware file which you downloaded. If it is a \*.zip extension you will need to unzip it first. Once selected then you may click the Update Firmware button.

*NOTE:* An **example** of a firmware filename is "DSL-2730B\_1.01\_02152011\_cfe\_fs\_kernel", as newer firmware is made available characters in the filename will change accordingly.

Current Firmware Version : Current Firmware Date :	AU_1.00 20091224	
Firmware File Name :		Browse

5. The DSL-2730B will now begin to upload the firmware file. Please wait for the process to complete.
