Product Highlights

SuperSpeed USB 3.0

USB 3.0 technology allows you to transfer files up to 10 times faster than with USB 2.0, and charge your smartphones and tablets

Compatible With Your Devices

Backwards compatibility with USB 2.0 and 1.1 ensures that you can connect all your USB devices, whether old or new

Sleek, Compact Design

Its glossy exterior looks great on your desktop, and its small size allows you to slip it easily into your laptop bag

DUB-1340
4-Port SuperSpeed USB 3.0 Hub

Features

Added Connectivity
- Four USB 3.0 ports
- Backwards compatible with USB 2.0 devices

SuperSpeed USB 3.0
- High-speed file transfers at 5 Gbps, or almost ten times faster than USB 2.0
- Four downstream ports support SuperSpeed, High Speed, Full Speed, and Low Speed transfers

Efficient Charging
- Able to charge four smartphones or tablets (including iPads) simultaneously
- Downloadable software[1] allows devices to charge while data is being transferred

Easy To Use
- Hot-Swappable Plug and Play
- Works on Windows, Mac, and Linux computers

Sleek and Portable Design
- Slim and lightweight, for portability without losing functionality
- Fits easily in your laptop, backpack or briefcase

D-Link's DUB-1340 4-Port SuperSpeed USB 3.0 Hub provides an easy way to add four USB 3.0 ports to your notebook or desktop computer. USB 3.0 lets you reach SuperSpeed data transfer rates of 5 Gbps, while also supporting High Speed, Full Speed, and Low Speed transfer rates. The four USB 3.0 ports are backwards compatible, so all your devices can be plugged in. Compact with a sleek, black design, you can take it with you wherever you go.

Transfer Large Files Faster Than Ever

Use the DUB-1340 to instantaneously share files with colleagues, friends and family. The DUB-1340 can transfer data at 5 Gbps, or ten times faster than USB 2.0. SuperSpeed transfer rates make it faster than ever to transfer music, HD movies, photo albums, and other large files– making waiting for file transfers a thing of the past.

Connect and Charge More Devices

With the DUB-1340, you can conveniently add more USB 3.0 ports to any computer. Now you can connect up to 4 more USB peripheral devices, such as smart phones, tablets, external hard drives, flash drives, and printers – to your notebook or desktop computer. Use the 4-Port SuperSpeed USB 3.0 Hub as a charging station, able to charge as many as four iPads at once, or save time by simultaneously transferring data from one or more flash drives at lightning speeds. With easy-to-use downloadable software[1], the DUB-1340 can charge your devices while seamlessly transferring your data at the same time.

Compatible with All Your Devices

The DUB-1340 is backwards compatible with your USB 2.0 devices. Featuring four ports; SuperSpeed, High Speed, Full Speed and Low Speed transfers are supported, ensuring your older devices are still relevant. The DUB-1340 supports previous USB standard devices, while providing USB 3.0 high speed transfers to your newer devices, making the DUB-1340 the ideal portable USB Hub for home and office use.

Super Simple and Convenient

Simply plug in the DUB-1340 to any Mac or PC. It's that easy - no drivers or software installation required. Now you can connect up to four additional USB devices to your laptop, notebook, or desktop computer.

Take it with You Anywhere

The DUB-1340 is designed to fit into any notebook bag, making its compact size convenient for taking anyway. Experience the freedom and convenience of portability and expandability with the DUB-1340 4-Port SuperSpeed USB 3.0 Hub.

USB 2.0/3.0 Connector

Power Connector

Technical Specifications

General

Standards	• USB specification version 3.0 (data rates of up to 5 Gbps) • OHCI • EHCI	• USB 1.1 • USB 2.0 • USB 3.0
Interfaces	• 4 downstream USB Type A (female) ports	• 1 upstream USB Type Micro-B (female) port
Connectivity Rules	• Up to 127 devices • Up to five cascaded hubs	• Maximum cable length between each hub: 5 m
System Requirements	• Windows 8 / Win 8 RT / 7 / Vista / XP • Mac OS	• Linux

Physical

Dimensions	• 72.45 x 97.97 x 20.27 mm (2.9 x 3.9 x 0.8 inches)	
Weight	• 60 grams (2.12 ounces)	
Power	• External power adapter 5 V / 4 A	• Supplied: Maximum 2.1 A per port[2] (with external AC adapter)
Temperature	• Operating: 0 to 40 °C (32 to 104 °F)	• Storage: -20 to 50 °C (-4 to 122 °F)
Operating Humidity	• 0% to 80% non-condensing	
Certifications	• CE	• FCC

Order Information

Part Number	Description
DUB-1340	4-Port SuperSpeed USB 3.0 Hub

[1] Windows operating system required.
[2] Maximum total 16 W.
