DGS-1100-26MP	26-Port Surveillance Switch with 24 PoE and 2 Combo UTP/SFP ports (370W PoE budget)	Limited Lifetime	A\$999.95	Now

DGS-1100-26MP

KEY FEATURES:

- Gigabit switch with extended PoE budget 370W
- Surge protection on all PoE ports
- Setup Wizard for easy deployment
- Automatic IP Camera detection
- Surveillance traffic optimisation

PRODUCT OVERVIEW:

- 25 Words:** The DGS-1100 MP Series is a range of PoE switches with Extended PoE budget, automatic video traffic prioritisation, surge protection. A user friendly interface, built-in diagnostic and troubleshooting tools makes it ideal for IP surveillance deployments.
- 50 Words:** The DGS-1100 MP Series is a range of Power over Ethernet (PoE) switches designed to meet the requirements of small, medium, and enterprise businesses. Extended PoE budget, as a common requirement for outdoor and Pan Tilt Zoom (PTZ) cameras, an automatic Surveillance VLAN, video traffic prioritisation and 6 kV surge protection make the DGS-1100 MP Series ideal for IP surveillance deployments.
- 100 Words:** The DGS-1100 MP Series is a range of switches designed to meet the requirements of small, medium, and enterprise businesses. The DGS-1100 MP Series provides support for Power over Ethernet (PoE), reducing deployment time for IP cameras, VoIP phones, and access points. The switches support IEEE 802.3af and 802.3at, providing up to 30 watts per port. Extended PoE budget, as a common requirement for outdoor and Pan Tilt Zoom (PTZ) cameras, an automatic Surveillance VLAN, video traffic prioritisation and 6 kV surge protection make the DGS-1100 MP Series ideal for IP surveillance deployments. A user friendly interface, a range of diagnostic and troubleshooting tools, and energy efficient technologies provide a flexible solution to your surveillance requirements.
