How To Connect DBT-122 To Nokia Phone Using Nokia PC Suite

Step 1

Right-click on the Bluetooth icon in your Taskbar and start the **Bluetooth Setup Wizard**.

Step 2

Go through the Bluetooth Setup Wizard. Select the "I want to find a specific Bluetooth device and configure how this computer will use its services" option:

Step 3 Select your phone in the "**Select a device**" window:

🖏 Bluetooth Device Selection						
Select a device Remote devices must be in Discoverable mode for this computer to find them. For assistance in making a remote device discoverable, refer to the remote device's documentation.
