

DIR-815 How to login to the Web Configuration

1. Using an Internet Browser type into the URL:

<http://192.168.0.1>

The screenshot shows the top of the D-Link web configuration interface. At the top, it says "Product Page : DIR-815" and "Firmware Version : 1.01_patch02". Below this is the D-Link logo. The main content area is titled "LOGIN" and contains the text "Login to the router :". There are two input fields: "User Name : admin" and "Password :". A "Login" button is positioned to the right of the password field. Below the login form is a "WIRELESS" section header and a footer with the text "Copyright © 2008-2010 D-Link Systems, Inc."

Type in your Password if you have changed it, or leave it blank and then click on the Login button.

2. You have successfully gained access to the Web Configuration.

The screenshot shows the main configuration page of the D-Link DIR-815. At the top, it says "Product Page : DIR-815" and "Firmware Version : 1.01_patch02". Below this is the D-Link logo. The main content area is titled "INTERNET CONNECTION" and contains the text "If you are configuring the device for the first time, we recommend that you click on the Internet Connection Setup Wizard, and follow the instructions on the screen. If you wish to modify or configure the device settings manually, click the Manual Internet Connection Setup." Below this is a section titled "INTERNET CONNECTION SETUP WIZARD" with the text "If you would like to utility our easy to use Web-based Wizard to assist you in connecting your new D-Link Systems Router to the Internet, click on the button below." and a button labeled "Internet Connection Setup Wizard". Below this is a section titled "MANUAL INTERNET CONNECTION OPTION" with the text "If you would like to configure the Internet settings of your new D-Link Router manually, then click on the button below." and a button labeled "Manual Internet Connection Setup". To the right of the main content area is a "Helpful Hints..." section with two bullet points. Below the main content area is a "WIRELESS" section header and a footer with the text "Copyright © 2008-2010 D-Link Systems, Inc."

Note: This can also be completed using an Wireless connection however it is not recommended to change the wireless aspects unless you are connected using the Ethernet LAN ports.

IMPORTANT:

Please remember to ensure your DIR-815 has the most current firmware version applied. To apply this firmware please refer to the Technical Support Knowledge Base.
