

DSL-526B – Firmware Upgrade Guide

This document will detail how to update the firmware for the DSL-526B.

Ensure you have downloaded the latest firmware for the modem from the D-Link Technical Support Website

http://www.dlink.com.au/tech/Download/download.aspx?product=DSL-526B&revision=REV_T&filetype=Firmware

- 1. Log in to the modem with the computer connected to the modem via Ethernet.
 - URL: <u>http://192.168.1.1</u> (default)
 - Username: admin
 - Password: admin (default)
 - Validate Code: (randomly generated)

9. The modem will now upgrade and reboot when complete.

NOTE: Do not power off the modem when upgrading the firmware. Doing so can corrupt the modem and it will no longer function.
