

LIMITED WARRANTY

D-Link provides this limited warranty for its product only to the person or entity who originally purchased the product from D-Link or its authorized reseller or distributor. D-Link would fulfill the warranty obligation according to the local warranty policy in which you purchased our products.

Limited Hardware Warranty: D-Link warrants that the hardware portion of the D-Link products described below (“Hardware”) will be free from material defects in workmanship and materials from the date of original retail purchase of the Hardware, for the period set forth below applicable to the product type (“Warranty Period”) if the Hardware is used and serviced in accordance with applicable documentation; provided that a completed Registration Card is returned to an Authorized D-Link Service Office within ninety (90) days after the date of original retail purchase of the Hardware. If a completed Registration Card is not received by an authorized D-Link Service Office within such ninety (90) period, then the Warranty Period shall be ninety (90) days from the date of purchase.

<i>Product Type</i>	<i>Warranty Period</i>
Product (including Power Supplies and Fans)	One (1) Year
Spare parts and pare kits	Ninety (90) days

D-Link’s sole obligation shall be to repair or replace the defective Hardware at no charge to the original owner. Such repair or replacement will be rendered by D-Link at an Authorized D-Link Service Office. The replacement Hardware need not be new or of an identical make, model or part; D-Link may in its discretion may replace the defective Hardware (or any part thereof) with any reconditioned product that D-Link reasonably determines is substantially equivalent (or superior) in all material respects to the defective Hardware. The Warranty Period shall extend for an additional ninety (90) days after any repaired or replaced Hardware is delivered. If a material defect is incapable of correction, or if D-Link determines in its sole discretion that it is not practical to repair or replace the defective Hardware, the price paid by the original purchaser for the defective Hardware will be refunded by D-Link upon return to D-Link of the defective Hardware. All Hardware (or part thereof) that is replaced by D-Link, or for which the purchase price is refunded, shall become the property of D-Link upon replacement or refund.

Limited Software Warranty: D-Link warrants that the software portion of the product (“Software”) will substantially conform to D-Link’s then current functional specifications for the Software, as set forth in the applicable documentation, from the date of original delivery of the Software for a period of ninety (90) days (“Warranty Period”), if the Software is properly installed on approved hardware and operated as contemplated in its documentation. D-Link further warrants that, during the Warranty Period, the magnetic media on which D-Link delivers the Software will be free of physical defects. D-Link’s sole obligation shall be to replace the non-conforming Software (or defective media) with software that substantially conforms to D-Link’s functional specifications for the Software. Except as otherwise agreed by D-Link in writing, the replacement Software is provided only to the original licensee, and is subject to the terms and conditions of the license granted by D-Link for the Software. The Warranty Period shall extend for an additional ninety (90) days after any replacement Software is delivered. If a material non-conformance is incapable of correction, or if D-Link determines in its sole discretion that it is not practical to replace the non-conforming Software, the price paid by the original licensee for the non-conforming Software will be refunded by D-Link; provided that the non-conforming Software (and all copies thereof) is first returned to D-Link. The license granted respecting any Software for which a refund is given automatically terminates.

What You Must Do For Warranty Service:

Registration Card. The Registration Card provided at the back of this manual must be completed and returned to an Authorized D-Link Service Office for each D-Link product within ninety (90) days after the product is purchased and/or licensed. The addresses/telephone/fax list of the nearest Authorized D-Link Service Office is provided in the back of this manual. FAILURE TO PROPERLY COMPLETE AND TIMELY RETURN THE REGISTRATION CARD MAY AFFECT THE WARRANTY FOR THIS PRODUCT.

Submitting A Claim. Any claim under this limited warranty must be submitted in writing before the end of the Warranty Period to an Authorized D-Link Service Office. The claim must include a written description of the Hardware defect or Software nonconformance in sufficient detail to allow D-Link to confirm the same. The original product owner must obtain a Return Material Authorization (RMA) number from the Authorized D-Link Service Office and, if requested, provide written proof of purchase of the product (such as a copy of the dated purchase invoice for the product) before the warranty service is provided. After an RMA number is issued, the defective product must be packaged securely in the original or other suitable shipping package to ensure that it will not be damaged in transit, and the RMA number must be prominently marked on the outside of the package. The packaged product shall be insured and shipped to Authorized D-Link Service Office with all shipping costs prepaid. D-Link may reject or return any product that is not packaged and shipped in strict compliance with the foregoing requirements, or for which an RMA number is not visible from the outside of the package. The product owner agrees to pay D-Link's reasonable handling and return shipping charges for any product that is not packaged and shipped in accordance with the foregoing requirements, or that is determined by D-Link not to be defective or non-conforming.

What Is Not Covered:

This limited warranty provided by D-Link does not cover:

Products that have been subjected to abuse, accident, alteration, modification, tampering, negligence, misuse, faulty installation, lack of reasonable care, repair or service in any way that is not contemplated in the documentation for the product, or if the model or serial number has been altered, tampered with, defaced or removed;

Initial installation, installation and removal of the product for repair, and shipping costs;

Operational adjustments covered in the operating manual for the product, and normal maintenance;

Damage that occurs in shipment, due to act of God, failures due to power surge, and cosmetic damage; and

Any hardware, software, firmware or other products or services provided by anyone other than D-Link.

Disclaimer of Other Warranties: EXCEPT FOR THE LIMITED WARRANTY SPECIFIED HEREIN, THE PRODUCT IS PROVIDED "AS-IS" WITHOUT ANY WARRANTY OF ANY KIND INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT. IF ANY IMPLIED WARRANTY CANNOT BE DISCLAIMED IN ANY TERRITORY WHERE A PRODUCT IS SOLD, THE DURATION OF SUCH IMPLIED WARRANTY SHALL BE LIMITED TO NINETY (90) DAYS.

EXCEPT AS EXPRESSLY COVERED UNDER THE LIMITED WARRANTY PROVIDED HEREIN, THE ENTIRE RISK AS TO THE QUALITY, SELECTION AND PERFORMANCE OF THE PRODUCT IS WITH THE PURCHASER OF THE PRODUCT.

Limitation of Liability: TO THE MAXIMUM EXTENT PERMITTED BY LAW, D-LINK IS NOT LIABLE UNDER ANY CONTRACT, NEGLIGENCE, STRICT LIABILITY OR OTHER LEGAL OR EQUITABLE THEORY FOR ANY LOSS OF USE OF THE PRODUCT, INCONVENIENCE OR DAMAGES OF ANY CHARACTER, WHETHER DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL (INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, LOSS OF INFORMATION OR DATA CONTAINED IN, STORED ON, OR INTEGRATED WITH ANY PRODUCT RETURNED TO D-LINK FOR WARRANTY SERVICE) RESULTING FROM THE USE OF THE PRODUCT, RELATING TO WARRANTY SERVICE, OR ARISING OUT OF ANY BREACH OF THIS LIMITED WARRANTY, EVEN IF D-LINK HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. THE SOLE REMEDY FOR A BREACH OF THE FOREGOING LIMITED WARRANTY IS REPAIR, REPLACEMENT OR REFUND OF THE DEFECTIVE OR NON-CONFORMING PRODUCT.

GOVERNING LAW: This Limited Warranty shall be governed by the laws of the state of California.

Some states do not allow exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the foregoing limitations and exclusions may not apply. This limited warranty provides specific legal rights and the product owner may also have other rights which vary from state to state.

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum 20cm between the radiator and your body.

Important Information

• Important information regarding your internet subscription

Users who subscribe to limited or "pay as you use" broadband internet access

In the WAN configuration settings, there is a parameter called Maximum idle timer. This parameter controls how many seconds of inactivity before dropping connection to the internet. The default setting is "0" which disables this functionality and the internet will be connected all the time. We suggest that you should change the Maximum idle timer to "300" (5 minutes) so that the device will drop the line after 5 minutes of inactivity and keep usage costs down.

Users who subscribe to unlimited broadband internet access

You can just leave this parameter unchanged or enable Auto-reconnect to be always on line.

Technical Notes:

The Maximum idle timer is only relevant if your ISP is using PPPoE connection.

• Важная информация относительно подключения к Интернет

Для пользователей широкополосного доступа в Интернет, ограниченного по времени или с повременной оплатой. В настройках WAN есть параметр, который называется Maximum idle timer. Этот параметр определяет время в секундах, по истечении которого соединение с Интернет будет разорвано, если соединение было не активно. По умолчанию установлено значение "0", что отключает данную функцию, и соединение с Интернет будет установлено постоянно. Рекомендуется поменять значение Maximum idle timer на "300" (5 минут) для того, чтобы устройство разрывало соединение после 5 минут простоя, и таким образом экономило средства на оплату подключения.

Для пользователей неограниченного по времени широкополосного доступа в Интернет

Можно оставить данный параметр без изменения или включить функцию Auto-reconnect для поддержки постоянного подключения.

Технические замечания:

Параметр Maximum idle timer имеет действие, только если провайдер услуг Интернет использует подключение PPPoE.

• Información importante acerca de la subscripción a Internet

Los usuarios suscritos, en los parámetros de configuración WAN, a un acceso a Internet de banda ancha limitado o de "pago por uso", encontrarán un parámetro llamado Maximum idle timer. Este parámetro controla cuántos segundos de inactividad se permiten antes de que se interrumpa la conexión a Internet. El valor por defecto es "0", y desactiva esta funcionalidad, con lo que se estará conectado ininterrumpidamente a Internet. Se recomienda que se modifique el valor de Maximum idle timer a "300" (5 minutos); así el dispositivo cortará la línea tras 5 minutos de inactividad y se reducirán los costes por uso.

Los usuarios suscritos a un acceso a internet de banda ancha ilimitado pueden dejar este parámetro como se encuentra o bien activar Auto-reconnect para estar siempre conectados.

Notas técnicas:

Maximum idle timer sólo es relevante si el ISP usa una conexión PPPoE.

• Informações importantes referentes à sua assinatura de Internet

Usuários que assinam o serviço de Internet de banda larga limitado ou "pay as you use"

Nos ajustes de configuração de WAN, há um parâmetro denominado Maximum idle timer (Cronômetro de tempo de inatividade máximo). Este parâmetro controla o número de segundos de inatividade antes que a conexão com a Internet seja encerrada. A configuração padrão é "0", que desabilita esta funcionalidade e a Internet ficará conectada o tempo todo. Sugerimos que você modifique o Maximum idle timer para "300" (5 minutos), de tal maneira que o dispositivo será desconectado após cinco minutos de inatividade e visando manter os custos de utilização baixos.

Usuários que assinam o acesso de Internet de banda larga ilimitado

Basta deixar este parâmetro como está ou habilitar o Auto-reconnect (Reconexão automática) para estar sempre on-line.

Observações Técnicas:

O Cronômetro de tempo de inatividade máximo só é relevante se o seu provedor está utilizando uma conexão PPPoE.

• Information importante concernant votre abonnement internet

Aux utilisateurs qui ont souscrit un abonnement limité ou avec paiement uniquement à l'utilisation

Au niveau du paramétrage de la configuration WAN, il y a un paramètre appelé Maximum idle timer. Ce paramètre contrôle le nombre de secondes d'inactivité avec la coupure de la connexion à Internet. Le paramètre par défaut est à "0", ce qui dévalide cette fonctionnalité et vous connecte à internet tout le temps. Nous vous conseillons de changer le Maximum idle timer à "300" (5 minutes) de sorte que la ligne soit coupée après 5 minutes d'inactivité pour limiter les coûts.

Aux utilisateurs qui ont souscrit un abonnement internet illimité

Vous pouvez laisser ce paramètre à 0 ou valider l'Auto-reconnexion pour toujours être en ligne.

Note technique :

Le Maximum idle timer est utile uniquement si votre FAI utilise une connexion PPPoE.

• 關於互聯網選訂的重要資訊

選用限制或“按使用情況付費”的寬帶互聯網接入用戶：

在WAN Configuration設置中，有一個稱為“最大閒置計時器”的參數。該參數控制斷開互聯網連接之前系統處於閒置狀態的秒數。默認設置為“0”，表示禁用此功能，使互聯網連接處於始終接通狀態。我們建議您將“最大閒置計時器”設置為300秒（5分鐘），這樣設備會在閒置5分鐘後斷開連接，從而節省費用。

選用不限制寬帶互聯網接入的用戶：

如需使設備始終在線，您只需保留該參數，或是啟用“自動重連接”功能。

技術提示：

“最大閒置計時器”僅在ISP使用PPPoE連接時有效。

Your title at organization: _____

Telephone: _____ Fax: _____

Organization's full address: _____

Country: _____

Date of purchase (Month/Day/Year): _____

Product Model	Product Serial No.	* Product installed in type of computer (e.g., Compaq 486)	* Product installed in computer serial No.

(* Applies to adapters only)

Product was purchased from:

Reseller's name: _____

Telephone: _____ Fax: _____

Reseller's full address: _____

Answers to the following questions help us to support your product:

1. Where and how will the product primarily be used?

☐ Home ☐ Office ☐ Travel ☐ Company Business ☐ Home Business ☐ Personal Use

2. How many employees work at installation site?

☐ 1 employee ☐ 2-9 ☐ 10-49 ☐ 50-99 ☐ 100-499 ☐ 500-999 ☐ 1000 or more

3. What network protocol(s) does your organization use ?

☐ XNS/IPX ☐ TCP/IP ☐ DECnet ☐ Others _____

4. What network operating system(s) does your organization use ?

☐ D-Link LANsmart ☐ Novell NetWare ☐ NetWare Lite ☐ SCO Unix/Xenix ☐ PC NFS ☐ 3Com 3+Open

☐ Banyan Vines ☐ DECnet Pathwork ☐ Windows NT ☐ Windows NTAS ☐ Windows '95

☐ Others _____

5. What network management program does your organization use ?

☐ D-View ☐ HP OpenView/Windows ☐ HP OpenView/Unix ☐ SunNet Manager ☐ Novell NMS

☐ NetView 6000 ☐ Others _____

6. What network medium/media does your organization use ?

☐ Fiber-optics ☐ Thick coax Ethernet ☐ Thin coax Ethernet ☐ 10BASE-T UTP/STP

☐ 100BASE-TX ☐ 100BASE-T4 ☐ 100VGAnyLAN ☐ Others _____

7. What applications are used on your network?

☐ Desktop publishing ☐ Spreadsheet ☐ Word processing ☐ CAD/CAM

☐ Database management ☐ Accounting ☐ Others _____

8. What category best describes your company?

☐ Aerospace ☐ Engineering ☐ Education ☐ Finance ☐ Hospital ☐ Legal ☐ Insurance/Real Estate ☐ Manufacturing

☐ Retail/Chainstore/Wholesale ☐ Government ☐ Transportation/Utilities/Communication ☐ VAR

☐ System house/company ☐ Other _____

9. Would you recommend your D-Link product to a friend?

☐ Yes ☐ No ☐ Don't know yet

10. Your comments on this product?
