

DGS-6604

FW 1.00

The screenshot displays the web management interface for a D-Link DGS-6604 switch. The browser address bar shows the URL <http://10.90.90.90/www/index.htm>. The interface includes a navigation menu on the left with categories like Configuration, Monitoring, and Environment. The main content area is titled "Device Information" and provides details for the switch's hardware and software across four slots. A "Protocol Status" section at the bottom lists various network protocols and their operational states.
