

Hard Drive-based MP3 Jukebox Player with 10GB H.D.D.

The DMP-HD610 Jukebox is a Hard Drive based MP3 player allowing users to take their entire music collection anywhere. The 10GB version allows up to store up to 2500 MP3 files of music. Not only is the DMP-HD610 Jukebox a MP3 Player but is also a portable hard drive. You can transfer any type of file to and from the device using the high speed USB port.

Finding music is easy with the player owing to its large LCD screen (128 x 68 Pixels) and back light. The DMP-HD610 Jukebox is controlled by the 9 buttons on front of the player allowing you easy access to your music collection. With many features such as Random and Program List support users have total control of how music is played. Users also will not have to worry about music skipping because of the included anti-shock buffer. The DMP-HD610 Jukebox is really a ideal product for music lovers. The DMP-HD610 Jukebox is compatible with Windows 98/Me/2000 and MAC OS 9.
