

How to setup Parental Control in your modem router

This document details how to setup Parental Control feature in your modem/router

Step 1. Open your Internet Browser and in the address field type in <http://192.168.1.1>.

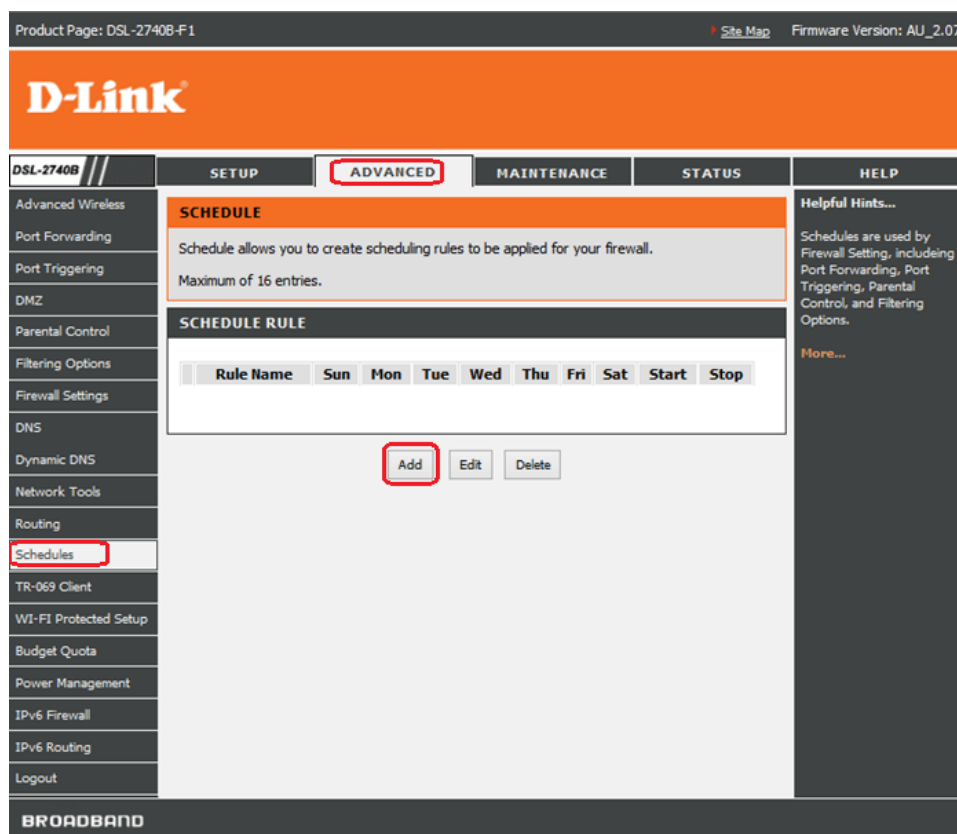

Step 2. When prompted type in the Username and Password then click on the “Log In” button. If you have not changed the password for the modem administration, the factory settings are:

Username: admin

Password: admin

Step 3. After logging in you will be presented with the modem’s configuration pages. Please click on [ADVANCED] > [Schedules] and click on [Add] button:

Step 4. Enter the Name and select the desired time and days for your Schedule. Click on Apply to save your Schedule.
