

USB-C 4.0 40Gbps M.2 NVMe SSD Enclosure

DSP-411

Ultra-Fast. Reliable. Ready to go.

- Stylishly crafted for mobile professionals, with a rugged aluminum alloy case that resists abrasion from frequent use
- Experience ultra-fast file transfers with NVMe support, leveraging high bandwidth and low latency
- Supports up to 8TB of storage, depending on the installed M.2 SSD
- USB 4.0 Gen 3x2 interface delivers industry-leading data transfer speeds of up to 40Gbps
- Compatible with multiple M.2 SSD form factors, including M key and B+M key interfaces
- Advanced thermal management with a built-in MagLev fan and optimised airflow structure to maintain performance under heavy load
- Cross-platform compatibility: works seamlessly with Windows, macOS, Linux, and Android

Up to 8TB SSD Capacity

Store everything you need wherever life takes you, all in a lightweight enclosure

Up to 40Gbps Data Transmission

The latest USB 4 makes data transfer a breeze, especially large media files for editing, streaming, and sharing

Rugged Aluminum Alloy Case

The aluminum alloy case features an industry-leading heat dissipation structure ensuring high durability and reliability

Wide Compatibility

Compatible with multiple M.2 SSD form factors, including M key and B+M key interfaces

Tool Free Installation

Just slide in an M.2 SSD, secure it with the latch, then slide the cover to lock the case

Streamlined Productivity & Cooling

Access files instantly and stay in your creative flow, while the efficient MagLev fan ensures stable, high-speed performance with minimal friction

Plug & Play

No driver installation needed – it's completely plug and play, with no external power connection required

Your Ultimate Companion

Streamline your file storage needs with access to quick, dependable data transfers, whether you are in the office, home or on the go

DSP-411

USB-C 4.0 40Gbps M.2 NVMe SSD Enclosure

Technical Specifications	
General	
SSD Interfaces	M.2 NVMe SSD (compatible with M key /B+M key)
SSD Form Factor	2230/2242/2260/2280
USB Connector	USB 4.0 Gen 3x2 Type-C ¹ : 40Gbps ²
Capacity	8TB
Supported System	
Operating System	macOS, Windows 10, Windows 11, Linux and Android
Physical	
Case	ABS + Aluminum Alloy
Dimensions	150 x 55 x 22mm
Weight	150g
Operating Temperature	0°C~40°C
Storage Temperature	-20°C ~ 75°C
Operating Humidity	10% to 90% non-condensing
Storage Humidity	5% to 95% non-condensing
Certifications	CE, FCC Class B, IC, RCM
Ordering Information	
DSP-411	USB-C 4.0 40Gbps M.2 NVMe SSD Enclosure
Barcode / UPC	790069479809

¹ Backward compatible with previous USB versions.

² Actual speed may vary depending on the hardware, software, and usage conditions at both ends.
